HERE'S the POINT

By SPENCE HELD

Peter Lykke, 17, of Trondheim, Norway, is attending classes at Point Loma High School this week.

It was no sudden plunge into the life of the American teenager, however—he arrived here Aug. 8 and was indoctrinated by Ned Huntington, 17, and his friends, who showed him around.

"I've had a swell time," he said over the phone when I called him Monday at the home of Col. and Mrs. Ben Huntington, 2425 Evergreen St. He is staying with the Huntingtons while he learns about the U. S. and the Peninsula in particular.

Peter speaks excellent English. He also speaks German, some French, and "the two Norwegian languages."

* * *

At Point Loma High he signed up for Spanish, Trigonometry, Social Studies (an honors course), Student Government, Public Speaking, and Physical Education.

His father is Norwegian Minister to New Delhi, India, and he plans to prepare for the diplomatic service.

"How do you like the girls here?" I asked.

"They're quite cute," he said. "I like them . . . But those Bermuda shorts are horrible."

* * *

Peter enjoys swimming, and has taken advantage of the local opportunities. In Norway he's done a lot of skiing, of course. "The forest is right outside of town," he said, "and there are hills and mountains."

Visiting Palmdale, in the Southern California desert, recently, he encountered temperatures of 117-120 degrees.

At Trondheim, Peter was an assistant scoutmaster, and he intends to join a Scout Troop here . . . Also, he expects to see Point Loma's football games this fall.

Oh, yeah, and I asked him how he pronounced his name—Lykke. It's something like "Leeka," but not quite.

* * *

The move to bring a foreign student here this year was started in February by Robert F. Heilbron, Point Loma principal. Arrangements were made by the Point Loma-Ocean Beach Committee for American Field Service Scholarships, headed by Dr. Don F. Kimmerling.

About 40 Norwegian students are in the U. S. now, according to Peter. He said that 226 European students came on the same boat with him.

My bet is that Point Loma High will like Lykke.

POINT LOMA TO PLAY TWICE IN BIG FOOTBALL CARNIVAL

The 17th annual edition of the San Diego City Schools' football carnival, a colorful extravaganza of football, pageantry and music, will be presented Friday, Sept. 23, at 7:30 p.m. in Balboa stadium.

Carnival Manager Bill Bailey said that this year's event, in which approximately 1700 students from seven senior high schools will participate, will open with a pageant dedicated to the theme of "Spirit of the Olympics." The traditional football game will follow the pageant.

This year's carnival will be marked by two noteworthy innovations, Bailey said. Bands, drill corps, drum and bugle corps and similar costumed student units for the seven schools will be massed on the stadium floor for the opening of the pageant. This is in contrast to earlier carnivals, when the units from each school entered the stadium only as their portion of the pageant was called.

The second innovation will be the football game, which will consist of four quarters instead of three as in the past. Although only seven schools will be represented, one of them—Point Loma High—will play in two quarters, making it possible to offer a full game.

The football game will be decided on total aggregate score, with the "West" teams of La Jolla, Point Loma and San Diego meeting the 'East" teams of Mission Bay, Kearny, Lincoln and Hoover.

La Jolla will be matched against Mission Bay, Point Loma will play both Kearny and Lincoln in separate quarters, and San Diego will wind up against Hoover.

Music and pageantry will be under the direction of Miriam Paine, supervisor of physical education; Dr. Alex Zimmerman, director of music education, and Myron Green, assistant supervisor of music education.

Reserved seats ($1.50) are available now at each of the seven participating schools. General admission ($1.00) and children's tickets (50c) are available at all city junior and senior high schools as well as Marc's in Ocean Beach.

Lions To Sell White Canes In Ocean Beach

With a goal of $1200, Ocean Beach Lions Club members and their wives will be on the streets Friday and Saturday, Sept. 16 and 17, selling miniature white canes for the annual White Cane Drive, a program to aid the blind and conserve sight.

All proceeds from the local drive will help people in this area, said Leonard Van Stelle, White Cane chairman of the Ocean Beach Lions Club.

"Last year the club furnished glasses and plastic eyes for blind people in the Peninsula area. The youngest recipient was a 5-year-old girl," said Van Stelle.

Recently the club donated $500 to the Guide Dog for Blind, Inc., a non-profit organization. The amount replaced some of the cost of training a dog for an Ocean Beach. woman. The club also contributes to the upkeep of the Blind Center in Balboa Park where the blind may meet for special recreational facilities.

"Our club members take turns furnishing transportation to the Center for the blind in our area," Van Stelle said.

Joe Thomas is assistant chairman for the local drive. Team captains are James Stewart, Richard Larsen and August Balistreri.

Peninsula News Employs Veteran Circulation Man

George Meenes, a veteran of 21 years as circulation area manager for a Los Angeles metropolitan daily, has been appointed circulation manager of the Peninsula News.

Circulation of the Peninsula News has grown rapidly during the last four years. It is now in excess of 11,000 and is fast approaching the 12,000 mark.

Employment of Meenes is another step by this newspaper to provide the best possible service to its subscribers and advertisers.

Meenes and his wife and three children feel that this is the most desirable area in California, and plan to make it their home.

PROBLEMS FACING SCHOOLS TO BE DISCUSSED SATURDAY

Answers to six basic problems facing America's schools at the local, state and national level will be sought by several hundred San Diego city and county community leaders in a one-day conference Saturday, Sept. 17, at 9 a.m. at San Diego State College.

Waldemar Hagen, San Diego public relations executive and general chairman of the County Conference on Education, said invitations to participate have been extended to 500 lay leaders and 200 educators. A 50 per cent participation is expected, Hagen said.

Purpose of the conference is to reach decisions and recommendations to be referred to the California conference on education to be held in Sacramento Sept. 30-Oct. 1 and to the White House conference called by Pres. Eisenhower for Nov. 28-Dec. 1 in Washington.

Discussion groups will consider the following subjects:

1—What should our schools accomplish?

2—In what ways can we organize our school systems more effectively and economically?

3—What are our school building needs?

4—How can we get enough good teachers?

5—How can we finance our schools?

6—How can we obtain continuing public interest in education?

FBI AGENT TO SPEAK

H. G. Maynor, special agent in charge of San Diego's FBI office will be guest speaker at a meeting of the Women's Guild of the Point Loma Community Church Wednesday, Sept. 21, at 12 noon in the social hall.

The luncheon will be served by Group 4, under the leadership of Mrs. Harold D. Jewel. A bake sale will be held.

Pt. Loma Sewage Plant Opposition Flares Anew

The San Diego sewer situation, which erupted in controversy on the Peninsula last year, flared again this week with two local developments. These were:

1—Ocean Beach Chamber of Commerce sent a letter to Councilman Clair W. Burgener stating its opposition to construction of a sewage disposal plant on Point Loma. The Chamber asked Burgener to keep it advised of any sewer propositions which may be placed on the ballot.

2—Tom Drake, who headed the fight against a proposed Point Loma sewage plant last year, expressed the fear that "another and more determined effort will be made to locate the plant on Point Loma instead of the natural location in the Tijuana Valley."

Report Awaited

Drake is a member of the Citizens Sewer Advisory Committee which "is awaiting the City Administration's report on the study of the cost fgures of the latest report" (made by three engineers.)

According to Drake, the City Manager states that the City Engineer may be expected to give his report on the proposed Sewerage Disposal Plant about the middle of October. "This Plan then will have been in the City Manager's hands about four months and it is evident that undue procrastination is taking place," said Drake.

"This leads to the inevitable WHY?

On Point Loma?

"It has been learned that Mr. Rawn, author of the abortive Rawn Report Plan, has been in consultation with City officials and it is feared that another and more determined effort will be made to locate the sewerage disposal plant on Point Loma.

"The 16-million-dollar sewer bond issue advocated by the Rawn Report, and accepted by the County Supervisors and the 1954 City Council, was defeated by the voters because it carried millions of dollars of 'hidden costs' not mentioned in the bond issue.

"The present sewerage report made by representatives of three of the most outstanding sanitary engineering construction firms in the U. S., completely verified our stand, and told the Council that it would cost $30,-073,000 to locate the sewerage plant on Point Loma as compared with $26,800,000 at Imperial Beach.

Swirl Current

"This latest report also says, in reference to existence of a swirl current off the end of Point Loma toward Coronado Beach, causing an eddy effect into that beach, 'Investigations have not been conducted in this area to determine the existence of such an eddy.'

"It does not seem to me to be asking too much to have a full and frank disclosure of the facts and figures before we, as citizens, vote on any kind of a bond issue or decide on any kind of 'package deal.'"

O. B. Chamber

The Ocean Beach Chamber, in its letter signed by H. J. La Dou, president, to Burgener, declared the Chamber opposes construction of a sewage plant on Point Loma because "it is believed such location would be a serious detriment to our beaches" and would lower property values.

United Success Needs More Women

United Success Drive leaders appealed to women throughout San Diego yesterday to volunteer as doorbell ringers or office workers during the current campaign.

Mrs. Walter B. Broderick, chairman for the entire residential drive in San Diego, said more than 7,000 women are still needed to help in the block campaign.

The campaign calendar calls for completion of recruitment of all district chairmen by Sept. 15; all zone chairmen by Sept. 22; and doorbell ringers by Sept. 30. The actual residential drive will begin its block by block progress through the city on Oct. 10, Mrs. Broderick said.

Mrs. R. H. Alexander, chairman of headquarters volunteers, said women are also needed for all types of office work from telephoning through typing, sorting and addressing envelopes. United Success Headquarters is at 3535 Enterprise St.

New Brownie Scout Recruitment Set

Girl Scout recruitment for new second-grade Brownie Scouts in the Point Loma area will be held during the second week of school, it was announced today by Mrs. Lynn Jaquish, Point Loma Neighborhood chairman.

Girl Scout transfers or girls in other grades who are interested in joining a troop may contact the school organizer, Mrs. Jaquish said. They are: Mrs. Jack McGee, Cabrillo school; Mrs. Robert Black, Silver Gate; Mrs. William Smith, Sunset View; Mrs. T. P. Golden, St. Agnes.

Curtain To Drop Saturday Night On Yellow Derby

With the qualifying round in the fourth and final period scheduled to end Saturday night, about all that remains in the Junior Chamber of Commerce's ninth annual Yellowtail Derby is the shouting.

The top 100 qualifiers, when the curtain drops Saturday night, will raceive their bids to participate in the fourth and final fishoff for the automobile and other major prizes at stake a week later, Saturday, September 24.

At present, Mrs. M. K. Bill, National City, and Herbert Fredman, 3520 Fenelon, are leading their respective divisions. Fredman's 42-12 yellow is the No. 1 fish taken this period and Mrs. Bill's 29-4 albacore is the largest eligible fish taken by a woman.

As matters now stack, it appears that the final fishoff will be truly a Yellowtail Derby, for albacore catches have dwindled the last few days and the yellowtail concentration at the Coronado Islands appears to have built up. In addition, log barracuda and bonito also have provided good sport at the islands, as have giant black sea bass.

Top albacore of the week was a 29-5 bagged by Tom Brotton, San Diego, and the top yellow a 27-2 taken by Hal Simpson, Pasadena.

Point Loma-Ocean Beach anglers who appear to have won their qualifying spurs include: 25-4, Ferdinand Fletcher, 927 Runnymeade Lane, and 24-14, Bert Hebner, 415 Rosecrans.

DEL MAR TURF CLUB REPORTS HIGHLY SUCCESSFUL SEASON

DEL MAR—Attracting its biggest attendance in history, the sixteenth season of the Del Mar Turf Club which came to a conclusion last Saturday, can be written into the books as one of the most successful ever.

Under the guidance of President and General Manager Donald B. Smith, the seaside course lured a record 435,377 through the turnstiles for the 40-day season of thoroughbred racing, a daily average of 10,884. This was an increase of 4.3 per cent over 1954.

Pari-mutuel play was down slightly—eight-tenths of one per cent. But in view of larger decreases noted at many other major tracks in the country, this was regarded as an encouraging sign.

The racing fare came to a smashing conclusion last Saturday with the eighth running of the $58,550 Del Mar Futurity, richest race ever presented at the seaside course.

Attracting a field of 15 two-year-olds, the Futurity went to Blen Host, a son of Your Host, which won the 1949 renewal of this same stake. Blen Host led from wire to wire to cover the six furlongs in 1:10 2/5 and lead Gliding Wings and Fortuneway home.

WRONG NUMBER!—King Tut, rose-crested cockatoo of the San Diego Zoo, seems to be sorry for goofing on two of three telephone numbers he tried to remember. Frank Bonnet, zoo chief security officer, picked the numbers at random from a telephone directory.

◆ ◆ ◆

COCKATOO MISSES 2 OF 3

It's getting so even cockatoos can't remember correct telephone numbers anymore.

Take the case of King Tut, the San Diego zoo's heralded rose-crested cockatoo. Although he's now 45 years old, he's still known for his excellent memory.

Frank Zonnet, chief security officer for the zoo, says King Tut can remember names of people he met only casually 20 years ago.

But the King has more than met his match. Bonnet gave him three telephone numbers to remember. He wasn't expected to do his own dialing—just remember the numbers for several minutes.

The King goofed on two of the three. And he wasn't faced with the problem of remembering the letter "O," instead of the numeral "0" in HOpkins and COngress prefixes!

The telephone company says the moral of this story is for everyone to look up all numbers they aren't sure of either in their telephone directory, or their personal number booklets. You won't get so many wrong numbers that way.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

While some observers seem to think the big issue in the political year of 1956 will be who does, or doesn't run, on relations with the Kremlin, or some other factor, evidence increases none of these will be the big issue.

* * *

The big issue, and perhaps the only issue, will be the condition of free, independent enterprise in this nation.

* * *

C. W. Harder

Rep. H. D. Cooley, N. C., speaking before the Research and Engineering Center of Ford Motors made a very significant statement.

* * *

"The motivating force of free enterprise is the desire of men to have their own farms and businesses, and I call upon the farm implement industry to adapt more tools, more implements and machines to accommodate the convenience and productivity of the family size farm. If you do this; if those who are in a position to do so will help stop this talk about little fellows being inefficient—a burden to society—we can prove that the family unit is the unbeatable American unit, putting to shame those who want to send the little fellow into the streets looking for jobs."

* * *

It is significant, too, that as Rep. Cooley made this talk, back in Washington high officials continued to discuss methods to take off the land another million or so farm families on the grounds they are operating units too small to be efficient. Yet during the greatest population growth of the past 30 years, the number of farms in the nation has already dropped by 1,300,000.

* * *

The late and unlamented Joe Stalin didn't believe in small farms, either. He wanted efficiency, too. He liquidated them. Yet Russians are now close to starvation point. Joe, if he kept his lines open to Washington, must be chuckling even now as he wipes perspiration off his face.

* * *

In other fields, Congress is showing increasing concern. After studying the rash of banking mergers, the House Banking Committee issued a report of which a part follows.

* * *

"The time for action is now. We dare not wait any longer, for already we are following the example of England whose many banks became the Big Five."

* * *

Immediately on the heels of this report, Rep. E. Celler of N. Y. protested recent billion dollar bank merger in Philadelphia.

* * *

Philadelphia, with a population of more than 2 million now has 68% of its bank assets in just four banks.

* * *

To many there is coming a feeling of wonder over the entire course of American public affairs during the past decade.

* * *

Some wonder if all the ballyhoo and fuss over such matters as need of 3.2% of the natives of Timbuctoo for bifocal spectacles to keep that nation from communism, is not merely one big smoke screen.

* * *

And behind that smoke screen unchecked raids against independent business system are launched.

* * *

After all, a Congress kept busy all session debating how much money to give to encourage development of a pogo stick industry in Patagonia can give little time or attention to lack of anti-trust law enforcement, or to "beefing up" existing laws. In all kinds of brawls from barroom types to high levels, it is considered good strategy to first confuse.

Health Programs Offered To Clubs

Program chairmen of local clubs and organizations, faced with the problem of finding top-notch programs for their groups, were offered help this week by the San Diego County Tuberculosis and Health Association's speakers bureau.

The Association's free films and other programs are available on short notice to meet the program needs of any group, according to Richard Curran, speakers bureau chairman.

The free sound films range from Disney-type color cartoons on tuberculosis to more lengthy dramatic pictures. Combining entertainment and education, the films show what the individual can do to protect himself and his family from tuberculosis.

Cure & Prevention

One out of every two deaths from tuberculosis in San Diego County last year were unknown or unreported cases prior to death, in spite of the fact that TB is a long-term, contagious disease. Curran said the disease can be cured and prevented today.

The Association's "education to beat TB" campaign is one of the many services and programs made possible through Christmas Seal contributions in San Diego County.

Program chairmen may schedule a health program by calling the Association at CYpress 6-2179 or writing to the offices at 3861 Front Street, San Diego.

San Diego's 29 day camps offered fun to 2619 Girl Scouts and non-Scouts this summer, according to Mrs. Gene P. McFall, executive director.

How to make sure you get the right number

Look it up. Be sure you look up the right number in your directory or Blue Book before you start to dial.

Jot it down. It helps to have the number written down in front of you so you don't forget it while you dial.

Dial the complete number. Be sure you dial the first two letters and the numeral of the prefix, then the other four figures. For example, to call CYpress 5-7599, first dial C-Y-5, then dial 7-5-9-9. Pacific Telephone

Change In Schedule Announced By All Souls Episcopal Church

At a special meeting of All Souls parish last Sunday, members of the congregation discussed and agreed to a change in schedule in order to implement their new curriculum.

Under the new plan, Sunday mornnig worship will commence at 9:15, with adults and children in 5th grade and above meeting in the church while children from kindergarten through 4th grade go directly to their classes in Gooden Hall. After a 40-minute period of instruction the latter will then go to church for a Junior Worship and the 5th grades and above will have their class instruction in Gooden Hall. The educational period will thus be over at 10:45 a. m.

It is believed that in this way the teachers will have a great opportunity to know their class members, all children will have the experience of worship in the church, adults will gain educational and social benefits, and there will be less congestion in Gooden Hall. Nursery and preschool children will have a varied activity program and their own worship.

Confirmation classes are now being formed, instruction to be held for adults on Monday evenings 7:45 to 9:15 beginning September 26 and for youth, preferably seventh grade and higher, on Tuesday afternoons from 3:30 to 4:30 starting Sept. 27.

Area 10 Open House meeting is this evening at 7:30 in the Rectory, 829 Tarento Drive.

The Young People's Fellowship will commence regular meetings again Sunday, Sept. 18. All Junior and Senior High young people are welcomed. The hours are from 6:30 to 9 p.m. and included in the programs are prayer service, social activities service projects, religious instructions, speakers, and visits with other youth groups. Officers at present are George Gillespie, president; Keith Hughes, vice president; Bonnie Hughes, secretary, and Nick Bonacker, tresaurer. Advisors are Mr. and Mrs. Edgar N. Sanford.

ORDER OF AMARANTH

Pacific Beach Court 104, Order of the Amaranth, will hold its regular business meeting Friday at 8 p.m. at the Point Loma Masonic Temple, 1711 Sunset Cliffs Blvd. Associate Matron Leona Emmitt and Royal Patron Charles H. Ludlow will preside. In lieu of the after-Court party a swiss steak dinner will be served at the Temple beginning at 6 p.m. All members are urged to attend.

Miss Vesta Petersen, principal of Ocean Beach School, underwent surgery last Thursday in Mercy Hospital. Get well cards may be addressed to room 708 of that hospital. During her convalescence Mr. Christiansen will be acting principal of the school.

Mr. and Mrs. David Pinkes, 4709 Brighton Avenue, took advantage of the Labor Day weekend for three days of relaxation They spent their time near Oxnard and Ventura. Both sun-enthusiasts, they are sporting beautiful tans.

Mr. and Mrs. George B. Worthington, Jr. and two children, Barry and Diane, have returned to their home, 3637 Dudley St. Mr. Worthington is history and photographic teacher at Point Loma High School. The family first spent ten days of their vacation at Lake Tahoe visiting Mrs. Worthington's sister. Then they spent a week at Gold Lake in the Feather River country on a camping expedition. Before returning home they stayed 6 days at Drakesdad Guest Ranch at the foot of Mt. Lassen. It is, they tell us, an interesting place to vacation. At the site is a boiling hot lake, whose depth, so the old story goes, has not been sounded.

Richard 'Mike" Kelley, A/3c is spending a ten day leave at home, 4728 Cape May Avenue, the first leave he has had since joining the Air Force in June. He has been at Parks Air Force Base. Upon return to duty he will be stationed at Warren Air Force Base in Wyoming as a communication specialist.

Residents in the Voltaire St. area couldn't help but wonder about a large Navy semi-trailer that stayed overnight on Froude St., leaving at 4 a.m. Saturday. It seems it is a semi-secret project of Scripps Institute of Oceanography. The truck, loaned to Scripps, also is in cooperation with several branches of governmental service. It will tour the United States. Mr. Fred Pinkham, who has been an Ocean Beach resident the past few weeks, is field supervisor of the project.

Crossings designating a school zone this year have been changed to yellow from the previous white markings. The new color is said to be more easily seen.

Miss Betty Ann Nelson entertained a group of her girl friends on Labor Day with a barbeque at her home, 2237 Froude St. The affair was in celebration of her 13th birthday. Betty Ann is in the 8th grade at Dana Junior High School.

Jean & Calico Square Dancers were guests last Wednesday night of the Lighthouse Squares at their gathering place, Sunset View School. Over 70 dancers were present from both groups. The Lighthouse-dancers are primarily a beginners group.

St. Anne's Woman's Aux. of Trinity Episcopal Church will sponsor their 3rd annual Mexican Food dinner on Thursd y, Sept. 22nd. Mrs. Cecil Carr is chairman, assisted by Mrs. John Jenkins and Mrs. Martin Cosgrove. Reservations for the dinner may be made by phoning Mrs. Anne Phillips, AC-3-8359, or Mrs. Carr, AC-3-5982.

Kenny Knoben, A/3c, 4834 Saratoga Ave., returned home on Saturday from Parks Airforce Base for a ten-day leave before proceeding to Biloxi, Miss., where he will be in technical school training for 14 weeks as control tower operator. Kenny was a 1955 graduate of Point Loma High School.

Sharon and "Bambi" Loftus, 2233 Froude St., returned home Sunday from Mississippi where they spent the summer. The trip was made via plane.

While newspapers headline adverse actions of teen-agers we will endeavor to point out that all teenagers are not in difficulties.

Living at 4626 Larkspur street is a young business man, his hobby developing into a strong business. Cecil Riggs, Jr., 16 son of Mr. and Mrs. Cecil Riggs, for the past two years has been breeding parakeets and at present has 50 parakeets and two avairies. He plans eventually to specialize in rare birds. Right now he has three unusual birds, One, a yellow-faced sea green; another a blue opaline and his third, a Split Dutch Pied.

Many of Cecil's birds now are nesting with babies to be ready for Christmas trade. Christmas birds bring top price in the feld. Cecil readily tells us that his next-door neighbor, Mrs. Hazel Scott, who loaned him birds to start his venture, is to be thanked for her inspiration.

Cecil's friend, Bob Karrow, son of Lt. and Mrs. Robert Karrow, 2209 Etiwanda street, shares his interest in birds, although he raises canaries and finches. His Zebra finches are one-third the size of canaries. Outstanding among his birds is a red color bread canary. Bob's interest in birds has only recently started, but he too feels the unusual birds are the most worthwhile. For a pet he has a grey, male Cockatiel. Bob is in the 9th grade at Dana Junior High.

Ever wonder what "Santa Fe" means?

Santa Fe

Back in 1901, about 40 years after the Santa Fe Railway was founded, the ancient Indian Cross-within-a-Circle design was placed in a square and the assembly was adopted as the official trademark of the young railroad.

The words "Santa Fe" means Holy Faith. Today, that faith and vision in America's future have built the Santa Fe Railway System into a vital network of steel, linking the West, Southwest and East with fast, efficient transportation services. These rails serve your town; help it grow and prosper.

And, no matter what your shipping or travel problems may be, Santa Fe will solve them. Your local Santa Fe agent is right here in your town to help you.

You can depend on him, as you can depend on the vast system he represents.

Motorists Are Urged To Expect The Unexpected From Children

"Expect the unexpected from children."

"That should be the watchword for all motorists at all times, but especially during the peak hours of school traffic in the mornnig and afternoons," Ronald T. Strong told motorists today in outlining the united community effort being made by the San Diego County Traffic Safety Council to reduce traffic casualties to school children.

"Children often are unpredictable in their reactions," Strong said. "This is particularly true during the stresses and strains of growing up."

"Despite repeated warnings from parents and from school and safety officials not to jaywalk, or beat the light, or run into a street after a ball, children are apt to forget these warnings and walk or run into danger," Strong pointed out.

Many of the 4.000 children killed and the many more thousands injured in accidents over the past year were the traffic consequence of an impulsive action on the part of a child, Strong explained.

"The motorist who always expects the unexpected from children and who drives accordingly is the driver who will be able to avoid an accident should a child forget," Strong concluded.

Doll House Given To Hospital

Mrs. Burke is co-leader of the group with Mrs. Vernon Yates.

Belle Benchley Guest Speaker At Ocean Beach Woman's Club

By MARIAN KRETTLER

A specially fortunate combination of circumstances brought our famous Belle Benchley as the first guest speaker of the Ocean Beach Woman's Club. She lived here for years, still retains her property in this area, and Ocean Beach is especially dear to her.

Amusingly, she related happenings on her recent European trip. Returnnig via plane, two prominent movie stars among the passengers accented their fame ,and nobody paid attention to the modest little woman who landed in New York.

Came the photographers, and our Belle was the subject of interest. "Who is that woman?" inquired the movie stars. Well, all the world knows that Belle Benchley and Dr. Wegeforth brought our famed Zoo into world prominence.

Breakfast, preceding the business meeting was so tasty that everyone is besieging the hostesses, Mrs. J. H. Danner and Mrs. T. C. La Nier for the recipe of the main dish.

Coming up: A trip to Disneyland October 28. Reservations are still available but bus seating is limited, so hurry and send your $5 to Mrs. Ralph Kimball, AC-3-3698, if you'd enjoy the tour.

A rummage sale is on schedule for September 30 at the clubhouse. Hours from ten a.m. to four in the afternoon. This activity among the club members brings out highly desirable articles. Rummage may be left with Mrs. Arthur Spencer, 4866 W. Point Loma, or with Mrs. I. A. Hegerle, 1690 Cable Street.

Two new members, Mrs. O. M. Cleaves and Mrs. Mary Keeney ..ere introduced and honor paid to the life members present, Mrs. E. E. Wells, Mrs. G. L. Beeler and Miss Margaret Rankin.

DRAMATIST TO APPEAR AT AAUW MEETINGS

Dorothy Crawford, well-known dramatist, will entertain at the opening meetings of the San Diego branch, American Association of University Women, at 1 p.m. and 7:45 p.m., Friday, Sept. 23, at the San Diego Woman's clubhouse.

All eligible university women are invited to attend. Reservations may be made by calling Mrs. Hadley Webb, membership chairman, Mrs. Melvin F. Godwin, branch president who resides at 4638 Del Mar Ave., is in charge of the meetings.

A new AAUW member in the Point Loma area is Mrs. Morris Lee Mitchell, 1365 Plum St., who received her B. A. degree from San Francisco State college. Mrs. Phillip Rand, 3335 Curtis St., a graduate from the University of Southern California, has been reinstated.

HEALTH FOR ALL

"The burnt child avoids the fire"—so goes the old saw. You may even have heard of Spartan mothers who taught their children to avoid fire by letting them burn their fingers on a hot stove.

It has been estimated that about forty to seventy thousand burns occur every year. Because of vast improvements in treating the initial shock of a severe burn, 50 to 60 per cent of badly burned children now survive, but many survive to face months of pain and perhaps even a lifetime of disability. Wonders are being done with skin grafting, but at best it's only a poor substitute for normal skin.

Ignite Clothing

A thirty-year survey made in one hospital showed that ignited clothing was the most frequent cause of severe burns of children. The open fireplace was the usual source of trouble, less often a trash fire or playing with matches. Most of these children were three to six years old and had to spend over seven months in the hospital.

Other important causes of children's burns were direct contact with hot stoves, hot ashes or flames, gasoline or kerosene, and hot liquids. Inquisitive two and three year olds accounted for most of the scald cases by overturning pots of boiling water from the stove or falling into tubs of hot water.

Careless Handling

Early adolescents seemed to have the most trouble from careless handling of inflammable liquids.

Perhaps the darkest side of this picture is the fact that almost every one of these "accidents" was unnecessary. We all know that open fireplaces should have firescreens; that children should never be alone in a room where there is a fire; that handles of pots on the stove should be turned so that children cannot reach them; that gasoline and kerosene must be handled with caution.

We know—yet in our hurry to get through the day's work, we sometimes say, "Just this once it won't matter."

Take Precautions

"Just this once" can mean a tragedy. We can't wait for a small child to learn the danger of fire by bitter experience. It is our responsibility to take proper precautions for our children and, as early as possible, teach them how to avoid burns.

(This column is sponsored, in the interest of better health, by the San Diego County Tuberculosis and Health Association and the Peninsula News.)

One of the newest "supertankers" used to transport petroleum products is taller from truck to keel, according to the National Automobile Club, than a twelve-story building and longer than two football fields.
